COMPREHENSIVE SERVICE

Expert Maintenance Solutions

Our team handles all scheduled maintenance with precision, using OEM parts to ensure top quality. Our comprehensive services keep your equipment in peak condition, maximizing performance and lifespan.

Top-Quality Repairs

From electrical and hydraulic issues to diagnostic and structural repairs, our skilled technicians handle it all. Using advanced tools and industry expertise, we ensure efficient and reliable solutions to restore your equipment to peak performance.

Precision Dielectric Testing

As your compliance specialists, we offer comprehensive AC and DC testing for ANSI Boom inspections and qualification testing. Additionally, we conduct DOT inspections to ensure your equipment meets all local regulations, keeping you compliant and safe.

Paint Shop

Our paint shop provides a comprehensive range of services, including customization, repainting after repairs, and cosmetic enhancements for older equipment.

Fabrication Shop

Need a custom solution? Our fabrication shop, in collaboration with our in-house engineering team, can create bespoke solutions when off-the-shelf parts aren't available.

Major Component Repair

When rebuilding is more cost-effective or expedient than purchasing new components, our major component repair center is here to help.

FIELD SERVICE EXCELLENCE

Whether you're facing a complex hydraulic issue, an electrical malfunction, or mechanical breakdown, our team is committed to providing reliable, on-site solutions that get you back up and running swiftly.

State-of-the-Art Equipment

Our service trucks are outfitted with state-of-the-art tools and equipment, ready to tackle any challenge that comes our way.

24/7 Emergency Dispatch

We provide dependable, around-the-clock emergency service, ensuring that help is always just a call away.

By fostering a culture where safety is paramount, we ensure that our team can perform their best work with confidence and security. At Ring Power UTC, Safety Above All is more than a motto; it's a way of life.

SAFETY | **ABOVE ALL**

Empowerment to Act

Every employee is authorized and encouraged to Stop Work if they identify any unsafe conditions or practices.

In-House Safety Team

Our dedicated safety team works tirelessly to develop and implement safety protocols.

Embedded Safe Practices

Safety is integrated into our standard operating procedures.

Daily Commitment

Our goal is to ensure that every employee returns home safely every day.
